

During the Inter House Athletic meeting, non-competitive boys run a race called the “Willow Tree Trot” around the site where the old Willow Tree stood for many years on the banks of the Dusi River. The tree had to be removed after it became unsafe, but the tradition continued.

This year’s Grade 7 gift is a concrete lion which has been placed at the bottom end of the school field (close to the Dusi bridge), near the boundary fence. The site where the lion stands marks the original site of where a Willow Tree stood many decades ago. This will go a long way to ensuring that this wonderful tradition is kept alive.
